

NISHA RAITANI

Passionate MERN Stack Developer having experience working with fast-paced start-ups and designing, developing, testing, debugging and deploying web & mobile applications.

WORK EXPERIENCE

Software Developer Intern

Flyweis Technology

Jul 2022- Sep 2022

- As a member of the core team of an IT start-up, I was responsible for planning, designing, developing & deploying the app for Android and iOS using Mongo, Express, Node and React.
- Implemented complex features in the app like real-time Chat application using Socket.io and payment integration using Razorpay.
- Integrated user side essential feature using Twilio implementation and alert system using Nodemailer.
- Collaborated with the web team to develop a React custom-build platform for the clients to customize the cloud and app according to their needs.
- Developed and Incorporated Restful-APIs and other services (MongoDB, JWT etc) to implement authentication.
- Worked closely with the founders of the company, and the frontend team to implement new features, optimize the existing features and troubleshoot the bugs & errors.

Software developer Intern

Gobeens Technology IT Solutions

Oct 2021 – May 2022

- Developed and maintained web applications using Node, JavaScript, NoSQL database.
- Participated in debugging of the developed code with the frontend team members before deployment to production environments.
- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images and layout.
- Worked well independently and within a team setting.

PERSONAL PROJECTS
